Attendees

Chris Tout - Chair

Tony Drewer-Trump – ML Social Secretary

Ted Angell - Treasurer

John Stanley

Apologies: Trevor Jackson; Derek and Diane Loft; Belinda Robinson: Jamie Hieatt, Kerry Taylor.

Item No	Description	Ву	When
1	Notes of last meeting on 10 th May were agreed.		
2	Matters Arising.		
	All issues and actions have been dealt with.		
3	 Accounts a) All appropriate income had been transferred by HAHA to the ML account. HAHA had paid the ground rent and sink fund for ML and had withheld sufficient funds to pay the first instalment of the HTC loan due in September b) ML a/c currently had a credit balance of £659.33. £451 was allocated under the previously agreed spending limits, leaving an unallocated amount of £207.89 for the remainder of the financial year. c) Further allocations of plots to those on the waiting list will increase ML's credit balance. 	All to note	
4	Ground works, fencing, paths, borders, etc		
	 a) 'Round Up' had been applied to the periphery fence and some of worst paths. Some complaints had been received and this action should have relieved matters. 'Round Up' had also been applied on a few plots following requests from the plot holders. 		On going
	 b) 'Kybosh' had been applied to plot 2 and the north west corner. This hopefully will relieve the mare's tail problem. 		
	c) Given the recent weather conditions, further seeding would now go ahead in September and October – including the remaining central strip. A detailed programme would be developed and plot holders would be ask to help with preparation and seeding.		СТ

	d)	The strimmer had been used and had worked satisfactorily. It would be placed in the inner cage to ensure that it was only used by responsible people. The purchase of a mesh face guard was agreed.		JS
	e)	The south perimeter fence line would be kept tidy but no other remedial work would be done. If there were future discussions between Hungerford Town Council (HTC) and the land owner on an extension to the lease, HAHA would signal their wish to have some input on the issues arising from the 'buffer' land that lies outside HAHA's scope between Marsh Lane and the allotment site		
5	Water			
	a)	Water had been pumped for a total of 42 hours to date – which represented a total of 151300 litres of 33000 gallons. This was well within the determined limits.		
	b)	Some blockage in the feed to the south west trough had been experienced. This had been cleared satisfactorily.		
6	Contai	ner		
	a)	Agreed to extend the pegs to the back of the left hand door of the container.	JS	
	b)	Catch on the left hand door had been moved to the right hand door.		
	c)	Agreed that a lean to roof extension should be constructed on the east side of the container for storage.	JS	
	d)	The old pump would be moved to John's garage for safe storage.	JS	
	e)	Some old tools needed to be claimed by their owners or disposed of.		
7.	Comm	unity and Social		
	a)	First joint BBQ with HEAT to be held on Sunday 26 June 2011 at ML at 2.00pm.	All	
	b)	TDT asked for assistance on the day.	All	
8	Anv O	ther Business		
		Waiting List for Plots		
	Th	ere was a short discussion on the prioritisation of the waiting list for		
		pty plots with reference to the Constitution. In the absence of Jamie d Belinda, Chris would talk it over with them at a later date.	CT/BR /JH	
	b)	Locking Up		
		ere had been various incidents when the gate(s) and container had en left unlocked.		
9	Next N	leeting		
		Marsh Lane meeting would be held on 26 July 2011 at 7.30 at the ford Club.	All
